Why shouldn't the Standard Oil Company make the best oil—with over 40 years experience in refining—with unequalled plant equipment? And Zerolene is scientifically refined from selected California crude—asphalt-base. Prominent authorities have recently declared that an oil correctly refined from asphalt-base crude can be made not only equal but superior to paraffine-base oils. Next time you empty the crank-case refill with Zerolene. Dealers everywhere and at service stations and agencies of the Standard Oil Company.

A REFINED MOTOR CAR

THE Chandler Six is built to serve discriminating families as a pleasure car. It will, if you ask it, go faster than ninety-nine out of any hundred car owners would ever want or dare to drive, but it is *not* a racing car. Its motor has power ample to take the car loaded anywhere that any automobile can go, but it is *not* a truck. It is a beautifully constructed motor car with the finest and most attractive of the season's bodies.

Most flexible and easily handled, full of life and go, richly upholstered in genuine leather, economical in operation and free from any hint of experimentation or untried theory, the Chandler is deservedly the most popular medium priced car in the whole American market this year.
